

IndieHipHop.net is a blog that focuses on providing music business information to independent hip hop artists.

IndieHipHop's readers are business-minded, aspiring, artists looking for information or services that will help them enhance their careers.

This is a prime target market if you:

- Are an entertainment publicist
- Are an entertainment manager
- Are a producer who sells beats
- Have a website that helps artists get exposure or sell merchandise
- Are a promoter or marketing consultant

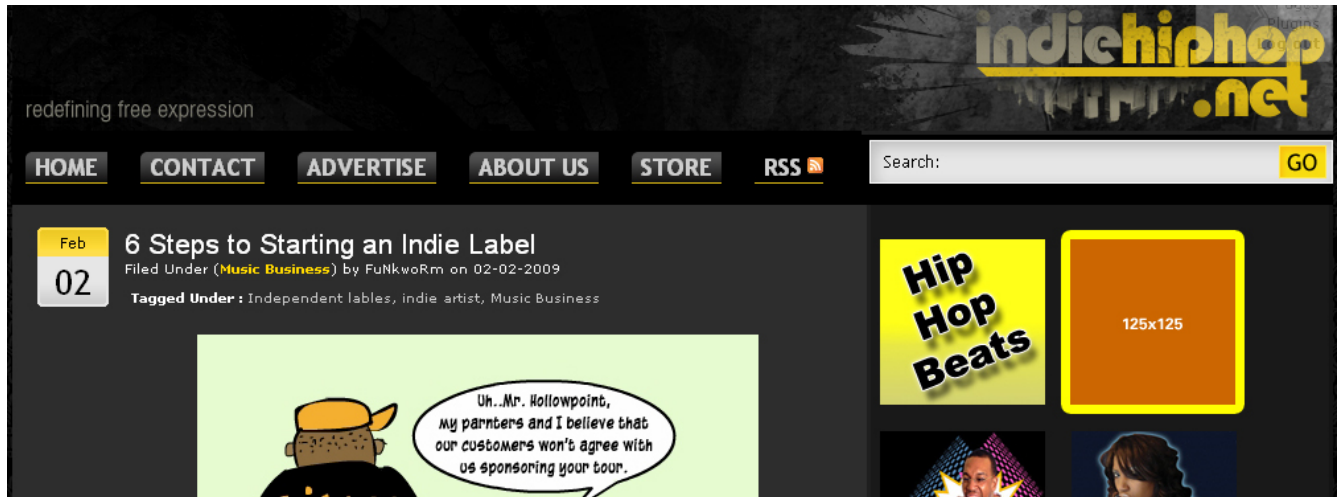

## **Banner Ad Prices**

Service to our readers is top priority. So all banners and ads submitted must meet certain criteria before being approved.

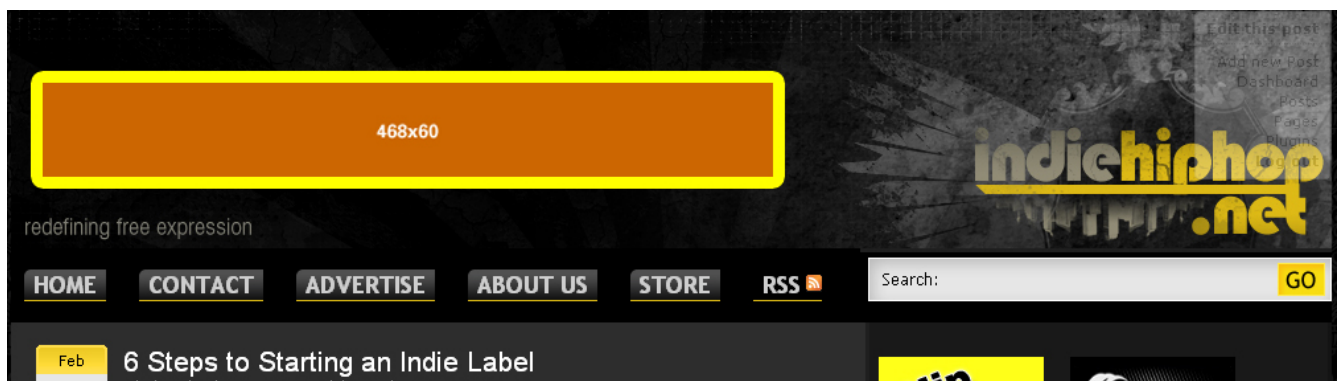

**All banner ads show on every page and will not rotate with other ads.**

Payments for banners can be made via Paypal or by moneyorder.

125 x 125 banner ad \$75 per month.

Jul 29 **MUSIC INDUSTRY 101: What Is A Beat Maker vs. Producer?**  
Filed Under (**Music Business**) by FuNkwoRm on 29-07-2009

*by Lola Sims*

Ignorance to an industry that you claim is a big part of your life as well as your livelihood is a major mistake. This type of ignorance can ultimately lead to you being mislead, taken advantage of, and at worse screwed out of money and royalties. Understanding the difference between a beat maker and a producer is the Industry 101 lesson of the day.

**WHAT IS A BEAT MAKER**
